01 · OVERVIEW

About the Conference

A two-day scientific forum on infection prevention, patient safety and preparedness

A comprehensive two-day scientific conference that focuses on advancing safer healthcare through **science, preparedness and collaboration**.

2	6	16
SCIENTIFIC DAYS	THEMATIC SESSIONS	PLANNED CME HOURS

Who the conference brings together

- **Infection prevention and control professionals**
- **Clinicians**
- **Public-health specialists**
- **Researchers**
- **Laboratory professionals**
- **Healthcare quality leaders**
- **Policymakers**

What the conference addresses

- Emerging infectious diseases
- Antimicrobial resistance
- Public health and mass gatherings
- Accreditation
- Healthcare-associated infections
- Outbreak preparedness
- Diagnostic innovation
- The responsible use of artificial intelligence

02 · PURPOSE

Why This Conference

Infection prevention and control is central to patient safety and public-health resilience

A multidisciplinary platform for healthcare and public-health professionals to exchange knowledge, explore emerging threats and translate scientific evidence and innovation into safer clinical practice.

Key objectives

Enhance knowledge
Of current and emerging infection-prevention challenges.

Build collaboration
Exchanging best practice, research and innovation.

Strengthen preparedness
Institutional and national readiness for outbreaks and pandemics.

Apply technology responsibly
Artificial intelligence and next-generation diagnostics.

Advance quality
Healthcare quality and accreditation compliance.

Protect mass gatherings
Infection prevention for Hajj and Umrah.

Key conference themes

01
Emerging infectious diseases

02
Clinical challenges & policy

03
Outbreaks & AI innovation

04
Public health & mass gatherings

05
Surveillance & diagnostics

06
Accreditation & certification

Conference Activities

A diverse scientific and interactive programme designed to encourage knowledge exchange, professional discussion and practical learning

01 Opening ceremony

The official opening of the conference and the beginning of the scientific programme.

02 Scientific sessions

Expert-led sessions covering emerging infections, clinical challenges, outbreak control, public health, surveillance, diagnostics and accreditation.

03 Meet the Experts

Interactive sessions providing opportunities for questions, discussion and direct engagement with the experts.

04 Panel discussions and audience Q&A

Interactive discussions addressing current challenges and practical approaches in infection prevention and control.

05 Award ceremony

Recognition of scientific contributions, through the closing award ceremony.

Why Partner With This Conference

What a partnership puts your organisation's name next to

Partnering with the conference provides organisations with an opportunity to position their brand within a focused scientific and healthcare environment, and to engage with professionals working across infection prevention, clinical care, public health, laboratory medicine, healthcare quality and accreditation.

Brand visibility

Position your organisation alongside a specialised scientific conference focused on safer healthcare and infection prevention.

Direct engagement

Connect with healthcare professionals, infection-prevention specialists, clinicians, researchers, laboratory professionals and healthcare quality leaders.

Professional recognition

Recognition as a supporting partner of the conference, through the benefits associated with the selected sponsorship package.

Audience access

Engage with conference attendees through registrations, conference materials and on-site presence, depending on the sponsorship level.

Strategic alignment

Associate your organisation with key healthcare priorities including infection prevention, patient safety, preparedness, diagnostics, accreditation and healthcare innovation.

On-site presence

Selected sponsorship packages provide opportunities for organisational visibility and engagement during the conference.

Built around practice, not promotion

The conference is specifically designed around practical knowledge, institutional readiness and measurable improvement, creating a relevant environment for organisations supporting healthcare excellence.

Your Return on Partnership

Brand exposure, professional recognition, audience engagement and direct participation in a specialised healthcare environment

Brand exposure

- Organisation logo placement on printed and advertising materials.
- Visibility associated with the conference according to the sponsorship level.
- Recognition as a conference partner.

Audience engagement

- Complimentary conference registrations as a Platinum or Gold sponsor.
- Opportunities to engage with healthcare professionals and conference delegates.
- Access to the conference environment and the scientific programme.

Corporate recognition

- Recognition during the conference.
- Acknowledgement as a Platinum, Gold or Silver partner.

Relationship building

The conference brings together professionals from infection prevention and control, clinical medicine, public health, epidemiology, microbiology, laboratory services, healthcare quality and accreditation, creating an environment for professional interaction and knowledge exchange.
